Nichirei Corporation

Bronze Award received at the Integrated Report Awards 2025 of WICI Japan

Nichirei Corporation has received the Bronze Award (Semi-Excellent Company Award) at the Integrated Report Awards 2025, hosted by WICI (World Intangible Capital Initiative) Japan.

WICI Japan Integrated Report Award is established by WICI Japan in 2013 as a way to promote the spread of integrated reporting in Japan. The awards are made up of representatives from the private sector, including business companies, financial analysts, and investors, as well as researchers from government agencies and universities, who evaluate integrated reports issued by listed companies in Japan.

This time, the Nichirei Integrated Report 2025 was awarded the prize in recognition of its thorough disclosure of the information required of an integrated report, its particularly outstanding features and ingenuity in its content, and its potential to serve as a valuable reference for other companies preparing their own integrated reports.

We will continue to strive to further improve our integrated reports and provide useful financial and non-financial information to investors and other stakeholders.
