FOR IMMEDIATE RELEASE

Nichirei Corporation

Regarding System Failures within the Nichirei Group

Nichirei Corporation hereby announces that, as of today, we have resumed normal operations at all locations for the following services affected by the system failures caused by the cyberattack:

- Inbound and outbound operations at refrigerated warehouses of Nichirei Logistics Group
- Frozen food shipment operations of Nichirei Foods Inc.

The restrictions on orders from customers and business partners that had been implemented in response to the system failures have now been lifted.

We sincerely apologize for any inconvenience caused to customers and other stakeholders.
